

The European Water Association

Our Aims

The European Water Association (EWA) is an independent non-governmental and non-profit making organisation dealing with the management and improvement of the water environment.

It is one of the major professional associations in Europe that covers the whole water sector, wastewater as well as drinking water and water related waste. With member associations from nearly all European countries the EWA consists of most European Union Member States. Other European countries represented within the EWA are Albania, Croatia, Ukraine, Serbia and Montenegro, Norway and Switzerland.

The aim of EWA is to provide a forum for the discussion of key technical and policy issues affecting the growing European region. This is done through conferences, workshops, meetings and special working groups of experts all organised on an international basis. EWA regularly publishes articles on topics of European interest.

Commercial Membership at the EWA

Commercial Membership is open to European commercial companies, utilities and research organisations that operate in the European water sector.

There are two different membership categories with different benefits, **Sponsor Members** and **Corporate Members**.

Are you

... active in the European water sector?

... interested in

- receiving up-to-date **information** on news and developments in the European water sector?
- **networking** with other organisations and water professionals from all over Europe?
- **contributing** to the technical and legislative work on the European level?

Join today!

Become a Partner Member of the European Water Association

and profit from the various benefits!

Our Vision

As a major and influential European organisation representing water professionals through their National Associations, EWA promotes the sustainable management of the total water cycle for Society's needs coupled with excellent service provided by informed and expert people.

European Water Association

Partner Membership

Your Benefits as Sponsor Member

The advantage of this category is a more evident exposure of your membership and the opportunity to participate in the governance of the EWA.

Leadership

- Be active in a Commercial Members' Group and provide candidates eligible as Chair and have a place on the EWA Council

Information

- Receive information about European legislation and standardisation in the water sector
- Participate in interesting, up-to-date and high-focused conferences and workshops about European water issues

European Networking

- Get in contact with water professionals from various fields and countries, including the Central and Eastern European Countries, at conferences, workshops, and EWA's Annual Meeting
- Develop contacts with the European Commission and the European Environment Agency
- Enjoy one free attendance to every EWA conference

Technical Work

- Work together with other experts to influence the European water agenda, legislation and standardisation in EWA's European Technical and Scientific Committee (ETSC) and its Task Groups

Make yourself known

- Have your company's website linked from EWA's homepage
- Present your company to all EWA members and the European water world through a one-page description in the EWA Yearbook
- Display your logo on all EWA conferences and publications

Membership fee

Sponsor Member: € 5000
