

Target Group

The offer is addressed to water-related institutes, universities, laboratories and independent research centres dealing with:

- Sustainable Water Management
- Wastewater Management
- Urban Drainage
- Hydrology
- Biology
- Environmental Technology
- Chemical Technology
- Civil Engineering

Also participants in:

- Joint research projects, either bilateral or multilateral
- University networks
- Scientific and academic projects

Extra Benefits

The EWA is offering the possibility to ...

- host and take part in Webinars
- publish your findings in an EWA publication
- take part in the EWA water professional network
- take advantage of our close contact with the European Commission and the European Environmental Agency
- participate in networking events during the annual Brussels Conference
- participate with reduced registration fee in any EWA events
- be a guest at the annual EWA Council meeting
- enjoy the EWA network among the international cooperation partners (e.g. US – WEF, Japan – JSWA, ICOLD European Club, ASEM)
- work and be part of the network of experts in the European Technical and Scientific Committee (ETSC) and the related EWA task groups
- promote water related conferences and other activities organized by your institution to the EWA network through the EWA channels (newsletter social media)
- present research work at the international/European levels of the different EWA Symposia/Conferences/Workshops with a potential significant impact
- get the opportunity to know and create partnerships for EU innovation and research projects with other European research and industrial Institutions, if necessary under the independent, non-governmental, and non-profit umbrella of EWA
- be present with your official logo, a short description of the institution, and the appropriate contact indication, in the EWA Yearbook
- have a direct link from the EWA Homepage (www.EWA-online.eu) to your homepage
- use the EWA logo in line with the EWA stipulations
- be presented to other EWA members and share their professional knowledge
