

European Parliament questions

The European Parliament is directly elected by citizens of all Member States. One key element within its right to political control is the right to table written and oral questions to European Institutions, largely to the Commission, to a smaller extent to the Council. A total of 38 water-related questions have been tabled between the end of November 2019 and 6 February 2020. EWA News provides you in each edition with the summary text of the questions and their authors and date, plus a link to the full texts.

This issue 1/2020 provides also information on the impact of Brexit on the composition of the European Parliament, with a reduction in the number of members from 751 to 705, and changes in the composition of political groups.
