

IE expo China 2025

April 21-23, 2025
Shanghai New International Expo Centre (SNIEC)
China

Application Form

Deadline for Applications: March 21, 2025

In case of late registration, we cannot provide all exhibitor services.

Exhibitor Details

Company Name (in English – as it will appear on booth fascia / catalog entry)

Company Name (in Chinese– as it will appear on booth fascia / catalog entry)

Street / P.O. Box

Postal Code

City

Country

Website

Legal Representative of the Company (Mr/Ms)

Country of Headquarter

Type of Exhibitor (multiple entries possible)

Manufacturer Dealer Importer Distributor Service Company Association / Institution Organizer of National Pavilion

Contact Details for Trade Fair Organization

Company Name (only if different from above)

Contact Person (Mr/Ms)

Phone

Mobile

Email

Billing Address (only if different from above)

Company Name

Participation Fees

We wish to participate and apply for:

Hall Stand Size	Raw Space Price* (min. 12 sqm)	Raw Space (sqm)	Front x Depth (m)
12 - 53 sqm	RMB 2,300/sqm		
54 - 149 sqm	RMB 2,200/sqm		
≥ 150 sqm	RMB 2,100/sqm		

Outdoor Stand Size	Raw Space Price* (min.50 sqm)	Raw Space (sqm)	Front x Depth (m)
≥ 50 sqm	RMB 1,200/sqm		

* Upper-storey stand space costs 50% of the price of the respective ground-floor space.

Shell scheme packages will be on offer in the exhibitor manual at a later stage.

Co-exhibitors: A charge of RMB 1,800 will be applicable for each co-exhibitor. Please contact the organizer for the co-exhibitor application form.

Additionally represented companies are not allowed at the stand.

The objects/products registered for and brought to the fair are our property: yes no

If not, they are the property of the following company/-ies (full address):

Index of Products and Services: see overleaf (please complete and submit the attachment together with this application form)

Please take notice of the Participation Terms as well as the Technical Guidelines. The attached Participation Terms as well as the Technical Guidelines are recognized as legally binding in all parts. Each applicant acting on behalf of a third party shall be directly liable for meeting the demands of the Organizer in respect of the above fair.

Exhibitors do not have a legal claim to admission unless such a claim exists by law. Exhibitors who have not fulfilled their financial obligations to MM-ZM, e.g. in respect of previous events, or have infringed the regulations governing the use of the event grounds, or the terms of participation, may be excluded from admission. MM-ZM is entitled to withdraw from the contract or to terminate the contractual relationship without notice, first payment paid to MM-ZM are non-refundable and MM-ZM reserves the right to claim against exhibitors for the losses incurred if admission was based on incorrect or incomplete statements by the exhibitor, or if, at a later date, the exhibitor no longer fulfills the conditions for admission.

7) Cancellation of the contract

Apart from the statutory rights to withdraw from the contract, the exhibitor has no right to withdraw from this contract. If the exhibitor states that he is withdrawing from the contract, this means – regardless whether he has the right to withdraw from the contract or not - that he is renouncing once and for all his intention to take part in the trade fair. If the exhibitor states that he is withdrawing from the contract and thus renounces once and for all his intention to take part in the trade fair, MM-ZM is entitled to re-let the stand area or use it itself without being obliged to do so, even if the exhibitor has no right to withdraw from the contract. **The exhibitor shall not have any further rights due to the fact that the exhibition space is rented to others or used in another way. If the exhibitor withdraws from the contract after application form is submitted and the participation is approved, the first payment shall not be refunded. If the exhibitor withdraws from the contract within 2 months before the show, 100% of the actual participation fee shall be charged. The exhibitor is obliged to make up the balance of the penalty if the exhibitor fails to fully make such first payment or total participation fee when the contract is cancelled.**

MM-ZM is entitled to withdraw from the contract if the exhibitor fails to meet his financial obligations to MM-ZM on time, MM-ZM has extended the deadline by 5 days and this deadline for payment has not been met. This applies especially if the exhibitor is in default of payments for the first payment of 50% for the projected participation fee. MM-ZM is also entitled to withdraw from the contract if the exhibitor neglects his duty arising from this contract to respect MM-ZM's rights, objects of legal protection and interests and MM-ZM can no longer reasonably be expected to adhere to the contract. In the aforementioned cases MM-ZM is entitled not only to withdraw from the contract but also to demand from the exhibitor the agreed participation fee as flat-rate compensation. MM-ZM's right to claim further damages remains unaffected

8) Force majeure, cancellation of the event

If MM-ZM is compelled, as a result of force majeure (natural disasters such as earthquakes, droughts, tsunamis, typhoons, hurricanes and floods, or fires, war, riots, terrorism, acts of government, epidemics and other acts or events recognized by applicable laws as force majeure or otherwise commonly recognized as a force majeure event by international commercial practice) or other circumstances beyond its control (e.g. failure of the power supply), to vacate one or more exhibition areas, temporarily or for longer periods resulting in postponement or curtailing of the trade fair, the exhibitors do not thereby acquire the right to withdraw or cancel, nor do they have any other claims against MM-ZM, in particular claims for damages. If MM-ZM cancels the event because it cannot hold the event as a result of force majeure or other circumstances beyond its control, or because it has become unreasonable for MM-ZM to hold the event, MM-ZM is not liable for damages and disadvantages to exhibitors arising from the cancellation of the event.

9) Dates of setting-up and dismantling / assembly, staffing and dismantling of stand

The information such as exact dates for setting-up and dismantling will be published at a later stage, i.e. in the exhibitor manual. The exhibitor shall comply with it strictly. There will be a special build-up scenario for certain sections of the outdoor area.

Early move-in needs to be confirmed in writing by SNIEC, MM-ZM and its appointed official freight forwarder while relevant formalities should be completed and related expense should be paid. If exhibitors want to showcase over-weight / high exhibits, it is mandatory to discuss details, such as move-in plan, display locations, and etc. with MM-ZM and the official freight forwarder for the show and strictly follow the over-size / overweight exhibit schedule assigned by MM-ZM and its official freight forwarder.

After that, the exhibits or facilities remaining in the indoor exhibition hall and outdoor exhibition venue shall be deemed to be abandoned by the exhibitors. Vehicles which are still in the halls or the outdoor area after these times will be removed by MM-ZM at the risk and expense of the exhibitor concerned. **Setting up must be finished by 6:00 pm on April 20, 2025 at the latest.** An extension is possible only in exceptional cases with the written permission of MM-ZM. The dates for assembly and dismantling must be observed. Stands not occupied by the last day of assembly may be disposed of as MM-ZM sees fit.

Exhibitors admitted to the fair undertake to participate in the event. The stand must be properly equipped and staffed by qualified personnel throughout the trade fair during the prescribed opening hours. Particular attention should be paid to ensuring that the stand is already fully staffed when the trade fair opens.

Exhibitors are not permitted to remove trade fair goods or dismantle their stands before the trade fair closes (4:00 pm on April 23, 2025). If they break this rule, MM-ZM is entitled to demand a penalty of RMB 4,500.

MM-ZM is entitled to exclude from future trade fair any exhibitor whose stand is staffed by insufficiently qualified personnel during the trade fair's opening hours, who exhibits an incomplete range of goods or goods not admitted to the trade fair, who vacates or clears his stand before the end of the trade fair, or who otherwise infringes the Terms of Participation, without prejudice to MM-ZM's right to cancel the contract in accordance with Clause 7 or to a claim for all costs thereby incurred by MM-ZM.

10) Stand design and equipment (see also Technical Guidelines)

a) In the halls:

Height:

The maximum booth construction and advertising height for one storey booths is 6.00 m.

The maximum booth construction and advertising height for two storey booths is 8.50 m.

Two-storey booth can only be built when the assigned booth area is 24 sqm and above.

Ultra-high or overweight exhibits are not permitted in the halls.

Assuming that the Technical Guidelines are observed in designing and constructing a stand, drawings need to be submitted for approval for raw space construction in the halls insofar as they are built by the exhibitor and its contractor. On request, MM-ZM's Operations Department and the appointed service partners will check submitted stand construction plans (submitted in duplicate) for exhibitors. No specific approval will be issued. All stand constructions, two-storey stands (see item 4.9 Technical Guidelines), mobile stands, stands with bridges, stairs, cantilevered roofs, galleries, etc. and constructions on the outdoor area (see item 4.8 Technical Guidelines) require approval.

For booths 4.5m and upwards in height, or two-storey stand construction is permitted in the halls with the approval of a top-level certified structural engineer, who is employed by the exhibitor or recommended by MM-ZM.

Approval depends on the position of the stand within the hall and the area it occupies. Stand drawings containing elevations and cross-sections, cutaway view, electricity layout, static test report or static load calculation, specification of construction must be submitted in quadruplicate to MM-ZM's Operations Department and the appointed service partners for approval by the deadline specified, at the latest 8 weeks before stand assembly is to start.

In the halls for two-storey structures covering more than 30 sqm, a fire extinguisher must be prepared for each 12 sqm of both storey from build-up period onwards. Automatic alarm and sprinkler system must be installed each 8 sqm when the 1st floor area of a two-storey booth is fully enclosed construction. The structures of stand cannot hang on the structures of the hall. Material piling is not allowed on the two main electricity tunnels in the halls. In the case of infringement of any of the conditions specified here, MM-ZM is entitled to take action in accordance with the Terms of Participation. MM-ZM will erect partition walls only upon request and at the exhibitor's expense. Exhibitors will receive, in good time, the order form for these walls and further stand walls (height 2.50 m) with the Exhibitor Manual. The stand sides bordering neighboring stands should be kept neutral, white and clear, so that they do not interfere with the design of the neighboring stand.

b) Outdoor Area

Height:

The maximum booth construction and advertising height for one storey booth is 6.00 m.

The maximum booth construction and advertising height for two-storey booth is 8.50 m.

For double-storey booths whose second floor exceeds 30 sqm, a fire extinguisher must be prepared for each 12 sqm of both storey from build-up period onwards. Automatic alarm and sprinkler system must be installed for each 8 sqm when 1st floor area of a two-storey booth has fully enclosed construction. The area of the stand construction or building at the outdoor area cannot exceed 1200 sqm and the height of the stand construction or building must be lower than or equal to two-storey buildings. All structures to be set-up in the outdoor area require the prior consent of MM-ZM and get permission from a top level certified structural engineer.

Two-storey stand construction is permitted in the outdoor area with the approval of a top level certified structural engineer, who is employed by the exhibitor or recommended by MM-ZM. Approval for the two-storey stand depends on the position of the stand and the area it occupies. The required application forms as well as plans of ground and upper floor, elevations, cross-sections, electricity layout and static calculations or test reports, specification of construction and material must be submitted to MM-ZM's Operations Department and the appointed service partners in due time, but at least 8 weeks before set-up begins.

At the set-up of facilities, especially buildings, all applicable regulations at the event site must be observed. Booth construction and material piling are not allowed on the facility well and drainage cover at the outdoor area.

For all construction work, allowance must be made for existing supply lines, distribution boxes, etc. Where these are located within individual stand areas, they must be accessible at all times. Attention must be paid to all existing supply pipes, foundations, distribution boxes, etc. during all setup work. Insofar as they are within individual stand areas, they must be accessible at all times.

Any underground work may only be commenced after approval by MM-ZM's Operations Department.

Exhibitors whose stands adjoin the enclosing fence of the trade fair grounds may not use the fence for their construction purposes. Use of the outside of the fence to carry advertising material is not permitted. Publicity balloons are not permitted on the trade fair grounds.

Exhibitors who are allocated in more than one block with public aisles in between the blocks of the booth are not allowed to build booth construction or advertising construction or any other building component or exhibit across these aisles. Aisles are not part of the rented raw space area. No promotion measures are allowed on these aisles.

In the case of infringement of any of the conditions specified here, MM-ZM is entitled to take action in accordance with the Terms of Participation.

11) Safety Measures

During set-up and dismantling period in the exhibition area (hall and outdoor) wearing of a safety helmet is compulsory. Herring bone ladder up to 2 m is prohibited. It is necessary to wear safety helmets and safety belts and to carry out other safety measures against injuries that might be caused by falling objects in overhead work (height all of 2 m).

12) Technical installations and other regulations

Applications for electrical installation, water, drainage, and telecommunication connections can be considered only if submitted in due time on the order forms available from MM-ZM. The precise terms of delivery and the connection fees are stated on these forms. Facility cables need to be protected by the cable bridge during the whole show period. Exhibitors will cover the cost of the facilities they ordered and the necessary damage prevention treatment for those facilities. Costs will be calculated based on the actual consumption.

All building structures on the trade fair grounds shall be executed in accordance with the performance of the materials used. Revolving tower cranes, etc. must be secured according to regulations. Suspending advertising media or other loads from cranes is prohibited for safety reasons.

For security reason, hanging advertising materials or other objects on cranes, work platforms and exhibits is prohibited. If the display of special exhibit exceeds the range of the booth, its extension direction and location needs the prior written permit of MM-ZM, and the exhibitor needs to rectify with the requirement of MM-ZM according to the actual situation.

13) Restoration of the exhibition areas

All exhibition areas must be handed over to MM-ZM's Operations Department in their original condition by the stipulated date for completion of dismantling. At the end of the exhibition, exhibitors must remove from the site all the materials especially the double-sided carpet tape used from their stands by the respective timings stated in the "Operations Schedule". Apart from the clearance and cleanse of the construction materials and stains, outdoor booths exhibitors and contractors should restore the exhibition area into the initial state and clear all the garbage inside the comprehensive cementing. MM-ZM is entitled to charge the exhibitor concerned for the removal of excessive waste (stand construction debris, crates/pallets, cartons, packing materials or literature) by a contracting firm at the exhibitor's cost.

14) Use of equipment

Only cranes, fork-lift trucks and working platforms may be used that have been provided by the MM-ZM service partners responsible. In special cases, the consent of MM-ZM's Operations Department is required. All the over-hanging operations as working on the cradle are strictly prohibited.

15) Transport of track-laying vehicles

Only track-laying vehicles with smooth track plates, that are also approved for public roadways, may be driven on the roads of the trade fair grounds. The transport of track-laying vehicles into the exhibition halls is permitted only with written approval of MM-ZM's Operations Department. The exhibitor is fully responsible for any damage to road surfaces and hall floors.

16) Sales regulations

Direct sales and other services or deliveries made from the stand are not permitted. Exhibited goods must not be delivered to purchasers until after the trade fair closes. Sales are permitted only to wholesalers, retail or trade customers. **Retail sales are prohibited at the exhibition. Otherwise, the Industrial and Commercial Department may be involved and therefore all the penalties and losses incurred will be borne by the exhibitors.**

17) Catalogue and internet information

An official trade-fair catalog and an internet database information will be compiled for the trade fair. All exhibitors (including co-exhibitors and companies at joint stands) are included, with the name indicated in the application form, in the alphabetical list of exhibitors in these media. The minimum entry contains the exhibitor's company name, hall and stand number in the alphabetical list of exhibitors. Exhibitors (including co-exhibitors and companies at joint stands) will be offered other entries, e.g. in the product index, and other forms of presentation in these media on a separate order form. The forms will be sent to applicants in good time. MM-ZM assumes no responsibility for the correctness and completeness of the catalog and internet data base information.

The exhibitor is solely responsible for the permissibility under law – and particularly the law on competition and data protection – of any advertisement placed in the trade fair catalogue, the internet database information of MM-ZM at the instigation of the advertiser. Should third parties assert claims against MM-ZM on account of the impermissibility of the advertisement under law in general or the law on competition, the advertiser shall hold MM-ZM fully safeguarded against all claims asserted including all costs of any necessary attorney fees, litigation costs on the part of MM-ZM. The same applies to exhibitor entries actuated by exhibitors in the trade fair catalogue, the Internet database information of MM-ZM.

18) Exhibitor and worker passes

Exhibitor passes are issued only after payment of the participation fee, and the remuneration for the admission of any co-exhibitors. For the time in which the trade fair is held, each exhibitor receives the following number of exhibitor passes free of charge:

Halls			
Registered sqm	Passes	Registered sqm	Passes
9 to 17	5	72 to 100	30
18 to 35	10	101 to 200	50
36 to 71	20	> 200	max 80

The number of exhibitor passes is not increased for co-exhibitors. Additional exhibitor passes are obtainable from the trade fair management and will be charged. Exhibitor passes are intended solely for stand personnel and must not be passed on to unauthorized third parties.

Worker passes for setting up and dismantling of stands are available in the numbers required and will be charged. They can be purchased on site from the official contractor during setting-up after hall management fee and construction deposit are paid in full amount. Each company attending the show must appoint an onsite safety manager during the show period, who should wear exhibitor badge with ID photo attached on it.

19) Circular letters

Once the stands have been allocated, exhibitors will be informed by circular letters of further details concerning the preparation and organization of the trade fair.

20) Alterations

MM-ZM reserves the right to make alterations and additions in matters affecting technical arrangements (such as dismantling time, facilities switching on and cutting off time, etc.) and safety.

21) Liability and insurance

Considering the safety issue and to ensure the smooth operation of the show, all exhibitors and its contractors should purchase 3rd party public liability insurance and relevant insurances towards employees and exhibitors. The minimum insured amount for the public liability insurance should be no less than 5 million RMB.

MM-ZM and its partners are neither liable for any personal damages or damages for exhibits nor liable for any compensation on lost material, theft and fire.

If MM-ZM has to pay compensations due to the events related to the exhibitors' participation during the show, MM-ZM has the right to ask the relevant exhibitors reimburse the compensation to MM-ZM.

MM-ZM and its partners is not liable for any direct or indirect personal injuries and property damages towards exhibitors, their representatives, and employees.

MM-ZM and its partners is under no circumstances liable for damage to or loss of goods brought to the trade fair by the exhibitor or the stand fittings or furnishings. In this case, it is immaterial whether such damage or loss occurs before, during or after the trade fair.

The same applies to vehicles left on the trade fair grounds by exhibitors, their employee contractors or representatives. For his part, the exhibitor is liable for any culpable exhibition articles or exhibition installations and equipment.

MM-ZM and its partners is not liable for any loss, damages or delays occurred during the import / export procedures, such as customs declares, transportations, loading/unloading, for the exhibits. Exhibitors should purchase sufficient amount of transportation insurances. Exhibitors have the obligation and responsibility to complete customs declaration and customs clearance in accordance with applicable PRC laws, and MM-ZM does not bear any joint and several liability.

22) Photography, filming, video recording and sketching

Only persons authorized by MM-ZM in writing and in possession of a valid MM-ZM pass may film, photograph or make sketches or video recordings in the exhibition halls and the outdoor exhibition area. Under no circumstances may photographic or other images or recordings be made of other exhibitors' stands. If this rule is infringed, MM-ZM can demand that the recorded material be surrendered and take legal steps to achieve this end. Photographs of stands which are to be taken after the opening hours and need special lighting require MM-ZM's prior writing consent.

Such photographs require the main ring circuit to be switched on by the hall electrician. The exhibitor will be charged the costs incurred, insofar as they are not borne by the photographer. MM-ZM is entitled to have photographs, drawings, films and video recordings made of events at the trade fair of stands and exhibits and to use them for advertising or general press publications.

23) Catering and deliveries to stands

Only companies approved in writing by MM-ZM for the event grounds may supply exhibition stands with food and beverages. Deliveries to exhibition stands are only permitted with restrictions. MM-ZM is authorized to allow deliveries to stands only at certain times. Detailed information on the possibilities of catering at the booth will be given in the exhibitor manual at a later stage but in due time before the trade fair starts.

It's strongly suggested by MM-ZM that the exhibitors and visitors should not buy or take any food or drink from illegal peddlers in the exhibition center, otherwise the damage or loss incurred shall be borne by themselves.

24) Intellectual property rights

When participating in trade fairs organized by MM-ZM, exhibitor warrants that its exhibits, packages and all related publicity materials found in the trade fair do not in any way whatsoever violate or infringe any third party's legal rights including but not limited to trademarks, copyrights, designs, names and patents whether registered or otherwise. MM-ZM is entitled but not obliged to set up an Intellectual Property Right Complaint Office (IPR Office) for each trade fair, whose purpose shall be to support exhibitors in cases of infringement of their IP rights by other exhibitors in accordance with related intellectual property laws. The exhibitors or agents should provide active cooperation for the investigation for obtaining the evidence, inspection and enquiry work conducted by the IPR Administration and the judicial department. Any exhibit or material suspected of infringement should be removed from the exhibition, and MM-ZM also reserves the right to request the removal of any infringed exhibits or materials. The organizer has the right to refuse participation of any exhibitor found guilty of infringement of intellectual property rights at any future trade fairs. If the exhibitor has complained about another exhibitor or its exhibits in the previous shows and complain this time again, the certifications of the previous complaints should be presented. Otherwise, the IPR Office has the right to refuse its complaint request.

25) Verbal agreements

All verbal agreements, individual and special arrangements are valid only with MM-ZM's written confirmation.

26) Regulations for use

Exhibitors must comply strictly with the building and use rules for the event grounds. Exhibitors and transport vehicles are not permitted to spend the night in the halls or on the outdoor area. Exhibitors must take the other participants in the event into consideration, must not act contrary to public policy and must not misuse their participation in the event for ideological, political or other purposes which have nothing to do with the event.

27) Period of exclusion

Any complaints about invoices are to be made in writing within a period of exclusion amounting to 14 days following receipt of the invoice concerned.

28) Place of performance, applicable law

Shanghai shall be the place of performance, also for all financial obligations. The law of the People's Republic of China shall apply.

29) Jurisdiction, arbitration agreement

The following shall apply to exhibitors incorporated in the PR of China:

In the event of any dispute, controversy or claim (collectively, "dispute") arising out of or relating to this rental contract, or the breach, termination or invalidity of this rental contract, both parties shall attempt in the first instance to resolve such dispute through friendly consultations. If any dispute is not resolved by friendly consultations, then any party shall bring an action at the court which has jurisdiction at the registered address of MM-ZM.

The following shall apply to exhibitors incorporated or with their principal place of business outside the PR of China:

In the event of any dispute, controversy or claim (collectively, "dispute") arising out of or relating to this rental contract, or the breach, termination or invalidity of this rental contract, the both parties shall attempt in the first instance to resolve such dispute through friendly consultations. If any dispute is not resolved by friendly consultations, then any party shall submit the dispute to Shanghai International Economic and Trade Arbitration Commission for arbitration in Shanghai in accordance with its rules of arbitration procedure.

30) Data protection

The exhibitor hereby acknowledges and consents that the person-related data of the exhibitor can be processed and used for fulfilling the business purposes of MM-ZM as well as being forwarded to third parties in order to above all fulfil the purpose of the contract concerned; the exhibitor further consents that its personal data could be used by third parties for marketing purposes of related trade fairs by the associate companies of MM-ZM, provided that such use of personal data by MM-ZM will be in compliance with data protection legislation. The exhibitor confirms and acknowledges that all the Personal Data provided by the exhibitor to MM-ZM is legally collected, and the consent of relevant individuals has been obtained for the use of the Personal Data under this Terms of Participation.

31) Severability Clause

Should the provisions set out in the Terms of Participation or Technical Guidelines be or become legally invalid or incomplete, the validity of the other provisions or the contract concerned remains unaffected. In such a case, the contracting parties undertake to replace the invalid provision and/or fill the gap with a provision with which the contracting parties are most likely to achieve the economic purpose they pursue.
