European Water Academy – First Town Hall event

On March 18th, the Commission and the JRC hosted the first European Water Academy –Town Hall event to collect inputs from stakeholders on the EU Water Academy.

The Academy is the EU Commission’s flagship for building a skilled, adaptable workforce that can tackle today’s water challenges and the ones coming in 2030-2050. It brings together the Joint Research Centre, DG Environment, DG Employment, other Commission services, the forthcoming EIT Water and key partners such as the [European Water Association \(EWA\)](#), [EurEau](#), [Aqua Publica Europea](#) , [Water Europe](#), [IAWD - Voice of the Danube](#) and many more.

A follow-up event will take place on April 21st.
