

# EWA 40th Anniversary Water Web-Seminar on Micropollutants

**Date and time** 22 June 2021 09:30 am to 1 pm  
**Registration fee** 158 €  
**Registration Link**

## Content

Micropollutants are a challenge, for waste water operators whose mission is to treat waste water to ensure the protection of the environment and ecosystems, and for drinking water operators, who have to rely on drinking water resources to produce drinking water. The 4th EWA Spring Conference will discuss the European approaches to the challenges of these organic or mineral contaminants which are of anthropogenic as well as natural origin.

## Moderator

Raymond Erpelding, EWA President (LU)
