### **Court of Justice of the European Union Annual report for 2019**

The Court of Justice of the European Union is the judicial authority of the European Union and its task is to ensure compliance with EU law by overseeing the uniform interpretation and application of the Treaties.

The institution helps to preserve the values of the European Union and, through its case-law, works towards the building of Europe.

The Court of Justice of the European Union is made up of two courts: the Court of Justice and the General Court.

In its look back at the most important judgments of the year, the Court highlights several judgments in the field of environment, inter alia on water and hazardous substances.
