

Issue 2/2022

Swiss groundwater, how are you doing?

**From the March 2022
edition of EAWAG
Newsletter, published by
the Swiss Federal Institute
for Environmental Science
and Technology (EAWAG)**

On World Water Day 2022, EAWAG Head of Communication Simone Kral discussed the challenges of groundwater in Switzerland and beyond with hydrogeologist Christian Moeck from the Eawag Hydrogeology Research Group.
