EWA water policy online seminar

27-28 September 2022

27-28 September 2022 saw the second of EWA's 2022 EU water policy online seminar, with 17 participants from Belgium, Germany, Ghana, Ireland, the Netherlands, Portugal and Spain.

The seminar presentations covered:

- the political, institutional and legislative background of EU water policy;
- key elements of the Water Framework Directive and Daughter Directives, Marine Strategy Framework Directive and Floods Directive; Regulation on Water Reuse; Bathing Water Directive; EU waste water legislation:(Urban Waste Water Treatment Directive, Industrial Emissions Directive), and the Nitrates Directive, and their interrelationship and state of play of implementation;
- Guidance on governance, openness and transparency, and access to EU documents.

The next seminar will be announced at the EWA website under "Upcoming events"
