Nitrates Directive

Open public consultation on the evaluation of the Nitrates Directive – open until 8 March 2024

The European Commission has launched an open public consultation on the evaluation of the Nitrates Directive. Interested parties such as farmers, industries, NGOs, citizens, public administrations, water authorities and others are invited to share their views on the Nitrates Directive via an online consultation that runs until 8 March 2024.

EWA NEWS presents you the consultation, including a link where you may actively participate in the consultation.
